- A child's spiritual foundation has a direct influence on their future faith.
- As parents, whether physical or spiritual, our goal should be that our faith leaves such a legacy and impact on the future faith and life of our children/those under our care that other people use it as encouragement for them to keep going.

2 Timothy 1:2-4

Influential relationships on a child's faith:

1. Biological Parenthood
2. Spiritual Parenthood

2 Timothy 1:5-7

- A child's spiritual foundation has a direct influence on their future faith.

2 Timothy 3:14-17

- An aspect of trusting in the Scriptures is rooted from trusting in the shepherd/leader who first taught them to us.

Our two roles as parents are to:

- Know the Scriptures
 - Know our children well enough to know what promises they need to circle
- A child's spiritual foundation has a direct influence on their future faith.
