

Family Is Special
1 Thessalonians 3:6-10, 4:9-10
Al Gascon | September 13, 2026

Family Matters to God; therefore, it matters to us.

- Strengthen and expand the loving family atmosphere of our church.
- Communicate the responsibility and blessings that come with family.
- Call members into true fellowship that goes beyond Sunday morning.
 - What does it mean to truly belong to a family?
 - What should the family of God reflect and radiate toward one another?

There is a special kind of labor of love that exists within a family.

- Our church is our family; therefore, there is a special labor of love that we are responsible for.
- There is a special shared life experience that exists within a family.
- There is a special kind of longing that exists within a family.
- There is a special kind of love that exists within a family
- There is a special kind of celebration that exists within a family.
