

PROJECT: NEXT GEN

Using methods that have started movements around the world, we seek to recapture the hearts of the Next Generation and create comprehensive plans to reach more children and families than ever before. Forming teams from various ministries and cultural specialties, we work together in ways that take us back to the power of discipleship and God’s Word— obeying it and sharing it with others— along with practical and essential efforts to address the evils and problems our next generation faces.

HOW WE DO IT

- ➔ SCHOOLS ➔ UNIVERSITIES ➔ SPORTS & REC
- ➔ PREGNANCY CENTERS ➔ FOSTERCARE
- ➔ GOVERNMENT DEPARTMENTS ➔ COUNSELING

Teams and individuals engage within key cultural centers and services to build relationships and disciple lost families while partnering with other Christians to change our culture.

PERMEATE

Bringing the Church to the lost, we strategically fill volunteer and paid positions within schools & other family services and develop relationships with youth & families.

PRAY

We mobilize Christians both onsite and beyond to pray for specific needs, issues, and the lost. We build connected praying communities among friends and churches.

DISCIPLE

We equip Christian youth to reach other youth. And we disciple interested youth and families into faith by helping them read, obey, and share the Bible for themselves.

TRANSFORM

We form and execute strategic plans and partnerships in order to re-integrate God and His commands back into our culture and society.
