

# Be Weak for the Lord

Chris Jones // Ephesians 6:10-20

## DISCUSSION QUESTION

What stuck out from the passage or sermon?

We see that there is a real enemy in the Christian life, one that seeks to destroy our faith, our church, and the gospel going forward to people. In your life, is spiritual warfare something you think about frequently? Why or Why not?

Chris shared this quote on Sunday - *“There are two equal and opposite errors into which our race can fall about the devils. One is to disbelieve in their existence. The other is to believe, and to feel an excessive and unhealthy interest in them. They themselves are equally pleased by both errors and hail a materialist or a magician with the same delight.”* -C.S. Lewis, Screwtape Letters

There can be two errors when it comes to spiritual warfare according to C.S. Lewis, not believing in it, or over emphasizing it. Which one do you fall into?

According to this passage, what do you think Paul is trying to emphasize in the Christians life?

The sermon title is, “Be Weak for the Lord.” We know that the Christian life does not thrive in positions of power, but in weakness and dependence on God. Why then does weakness sometimes feel so wrong? How does looking to the gospel and this passage help us understand where true strength lies in the Christians’ life?

We see the need to pray against the Devil and his schemes against the believer. Is there any specific prayer request in light of spiritual warfare that we could pray for one another about?

Pray together.
