

On Saturday night, immediately after the broadcast, many young children who had died were raised from death. We had 13 from kisumu, 3 from kakamega, 4 from bomet, 8 from nairobi, 6 from homabay, 3 from migori, 1 from Turkana, 8 from Marsabit, 4 from kisumu, 1 from kakamega and 9 from mombasa, 13 from nyamira and 33 from kisii.

THE DEAD RETURN TO LIFE BY PICTURE

Also, we had 3 storey buildings that collapsed in Tanzania, and it was reported that 34 people were trapped inside. They were all confirmed death. As the people gathered to mourn with the families that lost their loved ones, they saw them walking out of the building, and the people rejoiced to see them all alive. Not any human effort was enforced there. This happened after one of the senior kisii county officials placed the picture on the collapsed building, and within minutes, all who had confirmed death came out alive.

This same thing happened in Rwanda and Kenya. In Kenya, a building collapsed, and 26 people feared death. As the people gathered to collect the death bodies to the morgue, a chief who had the picture placed it on the building, and all the 26 people came out alive before the people. The people received them with great joy, amen

IRAN UPDATE

In Iran, I had sent the audio in their language and also wrote it in their language and sent it to them. Since Friday, we have received thousands of healing and raising of the death. The women of Iran led grassroot meetings where thousands were healed and hundreds raised from the death. On Thursday, we had already received 1,387,360 healings from Iran. On Friday, we received 1,704,796, and on Saturday night, we had 2,086,275.

(In only 3 days since the broadcast these numbers from IRAN are HUGE!)

They were so happy with the message because it was full of love and was a non religious message that accommodated everyone.

We also had hundreds who were raised from the death in Iran. Due to the ongoing war there, hundreds died, and many were just left on the roadside. Government officials took the picture and placed them on their bodies, and they were instantly raised from the death.

We also had thousands who healed/raised from death from other Middle East countries. Mothers played the audio to people, and many placed the picture on death bodies, and they were all raised from death. From the Middle East, we had 8,654,783 healings, and 345,886 raising of the death. 123,765 were raised from the death via the picture. Amen

MUSLIMS

We had thousands of Muslims who were converted to Christianity. Most of those who are converted say that your messages are full of love of God. In Africa, we had 1,598,654 Muslims conversions. In the Middle East, we had 3,083,637 Muslims who were converted to Christian.

WATER MIRACLES

We had so many people who were healed with water testimonies. Many people placed the picture on water, and the water turned sweet, and when they drank it, they were filled with power, and healing was witnessed. They even put a picture in a plain ground, and water came out, and it was so clean with lots of sweetness in it. We had 428,437 healings out of the water. 3/4 of the healings came from Northern Kenya and Eastern Kenya, where it is considered as a desert with no streams nor rivers but the water originated from the ground and when people drank it was so sweet

Also on Thursday and Friday, 3 priests had requested me to accompany them to various funerals and were able to visit 8 families who had lost their loved ones and when I placed the picture on their caskets they were instantly brought back to life. The Catholic priests and other churches here play the broadcast every Sunday in their churches, and thousands are healed. Amen.

Am still receiving calls and recording down testimonials, and I will call you in the morning. Until then, may God bless you abundantly."

Report is from Pastor Dennis in Kisii, Kenya
