Dr David is among the people who needs more copies and I printed more copies and gave him some. This week we had 4,875,097 healings via the picture and 12,797 raising of the dead throughout Africa and the Middle East. Amen

PEACE IN THE MIDDLE EAST

Peace has continued to be witnessed in Iran and other Middle East countries. More mothers are involved every week and they walk in roads and others are holding meetings with young people and instead of them being trained for war, they are gathering them together and they do listen to our broadcast.

This week we had 8,813,083 mothers who were involved from the Middle East. Yes, this week the mothers not only held meetings with young people, they also held meetings with soldiers and some military officials and shared with them about peace”

The number of mothers in the Middle East spreading the message of peace and the radio broadcast is skyrocketing each week with increasing numbers of government officials and military now joining them in their meetings. It's only a matter of time now. Hallelujah. Only Jesus!
