

THE 10/40 WINDOW

WHAT IS IT ?

- The 10/40 Window is the rectangular area between 10°N and 40°N latitude spanning parts of North Africa, the Middle East, and Asia.
- It's home to over 5 billion people in thousands of unreached people groups.
- The majority of Muslims, Hindus, Buddhists, and the non-religious live within the 10/40 Window.
- Over 80% of the poorest of the poor live within the 10/40 Window.
- Spiritual strongholds in the 10/40 Window have prevented people from hearing the Gospel.

WHAT DOES THIS MEAN?

The 10/40 Window, spanning parts of North Africa, the Middle East, and Asia, contains great spiritual darkness. While home to over 5 billion people, most have never heard the hope of the Gospel, including some of the world's largest unreached people groups. This region that once hosted biblical history now holds over 60% of the world's unsaved people. Megacities overflow with millions oblivious to God's love. Islam, Hinduism, Buddhism, and atheism blanket the area, blinding people to Christ. Tragically, over 80% of the extremely poor reside here, suffering not only physically but spiritually. The time has come to cover the 10/40 Window with prayer and support, unleashing the truth to those held captive. We must shine the light of Jesus into the darkness!

LET'S GET STARTED !

Find where you live on the map. Draw an arrow from where you live to the rectangle. This rectangle is where the countries that are part of the 10/40 window are. Using the highlighters, color in the area between 10°N and 40°N latitude. As you color, pray over this region.

HOW CAN I HELP ?

Prayer can help break spiritual strongholds and open hearts to receive Christ's love. Our prayers make an eternal difference as people trapped in darkness come to know the truth and freedom of salvation in Jesus.
