

## Small Group APPLICATION QUESTIONS

"Do not merely listen to the word, and so deceive yourselves. Do what it says." James 1:22 NIV

### SUMMARY

Pastor Erik wrapped up our series *And Be Thankful* with a message entitled "Growing in Gratitude". In this message, we look at several practical points about how each person can be intentional to grow in gratitude.

#### LOOK IN (examine your levels)

As you've looked internally at your life, how would you rate your own level of gratitude in general?

#### LOOK OUT (for the good in every day)

What is one way that you can intentionally be on the lookout to for God's blessings and grace in your life on a daily basis?

### APPLICATION

#### LOOK OUT (for the good in every situation)

Pastor Erik shared how we are not commanded to feel thankful, but we are commanded to be thankful. How can you be a person who is grateful, even when you don't feel like it?

#### LOOK UP (for power to grow in gratitude)

In order to truly grow in gratitude, we need the power of the Holy Spirit. How might you pursue the power of the Holy Spirit in the coming days?

### PRAYER

Pray that our church would grow in this important area of gratitude!
