PROBLEM SOLVING / TRAINING

A. Problem Solving: Help leaders learn to solve problems together, whether a common obstacle or to serve one of the leaders. Choose a problem to address and go through the 3 S's together:

1. SCRIPTURE

- What can we learn from the Bible about this?
- Commands? Instructions? Principles? Examples?...

2. STORIES

- What can we observe from how God has worked in the past? Who has experienced this problem before us?

3. SUGGESTIONS

- Based on these Scriptures and stories, what are some ways this problem could be addressed?

B. Training: Is there a simple, Biblical, reproducing tool that you need to train for their equipping?
