

What you need to know

WELCOME!

We are so honored that you have chosen to worship with us here this morning! If this is your first time with us, please locate the card inside this bulletin and take the time to fill out the information there. We would love to trade this with you for a free gift as a way of saying thanks! As you leave the service, just hand that card to a pastor and we will make sure you are taken care of. It is great to have you here!

CHRISTMAS EVE SERVICE 6PM

The current sermon series "Worship" will conclude on Christmas Eve at 6pm. There will only be one service that evening and we want you to invite as many people as you can. Then on December 30th, we will be revealing our plan of reading the entire Bible together as a church. So many people are talking about taking the challenge, are you joining us?

SCATTERED 2019

Every January we start the year by focusing on a vision for what will drive the rest of that year. Last year we started with "Make Disciples," this year we will be looking at "Scattered" through Ezekiel 34:1-10. These are the sermons that will help drive our plans for 2019. So plan to join us through the month as we start our new sermon series starting January 6th.

NO-MIDWEEK STUDY

No Mid-Wek Bible Study this week. Looking for something to study? Why not check out the blog on the app or website as we are studying Ezekiel 34:1-10. Need a paper copy? Look under the globe in the hallway as you leave for the "Scattered" print out. This week we featured the 6th blog in that series titled "6. The Strayed"

THOUGHTS AND REFLECTIONS:

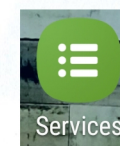

We have encouraged you to download 3 apps recently and some have been confused. So here is what each one is:

Read Scripture: This is the app that we will be using to read through the Bible in 2019. Download it now, but don't start the plan until January 1st! You will use it every day.

Keystone App: This is our app. It has past sermons, giving, the devotions, and much more!

Services: This app by Planning Center, is what we are using for volunteer planning. While you don't need it to communicate, it makes the process so much easier!
