

I Will Worship You

Verse 1

Every hour is a gift,
Passing like the morning mist,
The passion of my heart is this,
I will worship you.
In the best and worst of times,
All that life may take me through,
With all my life and all I do
Jesus I will worship you.

Chorus

With each borrowed breath you give,
Every sacred day I live,
Lord my declaration is,
I will worship you.
In the best and worst of times
Valley long or mountain high
With all my life and all I do
Jesus, I will worship You

Verse 2

Every dawn Lord help me see,
The hands of time move like a thief,
The days are long but the years are brief,
So I will worship you.
In the best and worst of times,
All that life may take me through,
With all my life and all I do
Jesus I will worship you.

Chorus

With each borrowed breath you give,
Every sacred day I live,
Lord my declaration is,
I will worship you.
In the best and worst of times
Valley long or mountain high
With all my life and all I do
Jesus, I will worship You

Bridge

When I breathe my final breath,
And Heavens light becomes my rest,
I'll join the song that never ends,
And I will worship you,
Jesus I will worship you,
Forever I will worship you

Chorus

**With each borrowed breath you give,
Every sacred day I live,
Lord my declaration is,
I will worship you.
In the best and worst of times
Valley long or mountain high
With all my life and all I do
Jesus, I will worship You**

OH MY GOD

I WILL WORSHIP YOU
