

It Is Enough

Verse 1

Is it enough, Lord, to live my life for all that I can pursue?
Is it enough, Lord, to fight and fail and say it's all for You?
What if I stopped, Lord, and just threw up my hands?
What if I surrendered, Lord, and gave in to Your Plans?

Chorus

It is Enough, that you saw me in my mess
It is Enough, that you gave this wretch your best
So if today is all I have and tomorrow is only strife
It is Enough for me today, Lord
That Your Breath will give me Life

Verse 2

Is it Enough, Lord, to daily seek You in Your Word?
Is it Enough, Lord, if I pray and love through hurt?
What if I gave in, Lord, to hate and fear and grief?
What if I fail again, Lord, will I fall from grace and peace?

Chorus

It is Enough, that you saw me in my mess
It is Enough, that you gave this wretch your best
So if today is all I have and tomorrow is only strife
It is Enough for me today, Lord
That your Breath will give me life

Bridge

All the life I can live in the Power of the Son
All the sacrifices made to try and get more done
All the efforts to be holy, righteous, and true
Will never be enough to be Enough like You

Chorus

It is Enough, that you saw me in my mess
It is Enough, that you gave this wretch your best
So if today is all I have and tomorrow is only strife
It is Enough for me today, Lord
That your Breath will give me life
