

# Another Day

## Verse 1

I've got another day that I can say, thank You  
I've got another day, to go Your way as I praise You  
Heartaches are gone as life goes on in the present  
Trials may come but I won't run from Your presence

## Chorus

Who am I that the Great I Am  
Would leave His home to where I am  
Give His life to be my Sacrifice  
Live again so I might walk in Him  
Take my mess, give me righteousness  
Praise The Son, praise the Spirit too,  
praise the Lord, only my best will do  
For another day

## Verse 2

I've got another day as light brings grace so true  
I've got another day to strive to walk with You  
Darkness hides as You light the path I tread  
Only Life remains as you lead me from death

## Chorus

Who am I that the Great I Am  
Would leave His home to where I am  
Give His life to be my Sacrifice  
Live again so I might walk in Him  
Take my mess, give me righteousness  
Praise The Son, praise the Spirit too,  
praise the Lord, only my best will do  
For another day

## Bridge

The Great I Am left His throne for me  
Gave His life to set me free  
Rose again so I could see  
Take my sin give purity  
Praise the Son the Spirit too  
Praise the Lord with all I do  
Every day my heart renews  
As I give another day to You

## Chorus

Who am I that the Great I Am  
Would leave His home to where I am  
Give His life to be my Sacrifice  
Live again so I might walk in Him  
Take my mess, give me righteousness  
Praise The Son, praise the Spirit too,

praise the Lord, only my best will do  
For another day
