

Sin will always plague our lives.

You will never be sinless on this planet,
but you can sin less.

The sin you struggle with is not who
God created you to be.

Your sin doesn't cause God to love you any less.
Your sin causes God to give you even more grace.

We have to come to a place where we love God more than
temptation and sin.

1) Stay focused on Jesus

To combat sin we have to seek out the
one who defeated our sin, Jesus.

2) Stay focused on the joy

Jesus found joy in His death on the cross

Want to slay your sin?
Look for joy in the midst of fighting you sin.
