

# Christian Hospitality

---

As we continue to grow in \_\_\_\_\_ as a church, it is easy to lose personal touch with people. It can be hard to get to know all the new people and you can feel lost in all the business. To combat this, some churches establish small groups or life groups. Our church is built around personal discipleship meetings which naturally defeat some of these issues. We must all personally strive to possess a key behavior of Heaven, hospitality. Hospitality involves going outside of our own house as well as opening up yourself, and perhaps your home, to others hospitably.
