

Jonah gets a second chance to fulfill the Word of God in His life by going and speaking for God in the most wicked city on Earth at the time, capital of the Assyrian Empire, Nineveh. Jonah did not like these people for many reasons. But God gave him the words to speak to them just as He promises to give us the words to speak when we go anywhere for Him. Sometimes it seems difficult to find the right words in a conversation with someone about _____ matters. What if we don't speak or respond well? What if we freeze or even misspeak? How will we know what to say? These are things we will explore today through Jonah's journey.
