AI & Bible Prophecy: Antichrist Incarnate

As we have seen, the Bible clearly prophesies of a coming kingdom that will dominate the entire world in ways no other empire has ever been able to achieve. It also tells us of 10 kings that shall arise, kings with no kingdom but that have power (Dan. 7:24; Rev. 17:12-13). We examined 10 systems ("kingdoms") that have a global impact on humanity. AI is currently being used and will likely, at some point, control each one. All that this "kingdom" will need is a "king" to control it all...

When is Antichrist?

- After the first 3 ½ years of the tribulation period, his true nature is revealed to the **world** when he sits in the temple in Jerusalem and declares himself to be God - Dan. 9:27, 7:25; Matt. 24:15-16; 2 Thess. 2:3-4.
- This second half is referred to as the _____ Tribulation (Matt. 24:21) or Time of Jacob's trouble (Jer. 30:7). It is a time when he violently pursues the Jew in order to destroy him - Rev. 12:14. It is when God's judgments are released on the earth (seals, trumpets, vials) and will be a time of death and destruction the world has never before seen.

The Ultimate Counterfeit

The Antichrist will not simply govern the world. He will not be satisfied with traditional politics or diplomacy, nor will he truly have the interests of the people in mind. He will seek _____ control over every human being on earth. As we saw last week, the system is being put into place where he can do just that. He will be like God but in reality, just a cheap imitation.
