1. What are some classic confrontations that you can think of?
2. **Read 1 Kings 18:21.** What's the problem Elijah is confronting? In what ways do we "limp between two differing opinions?" What are some ways in which you might be serving God AND someone or something else?
3. **Read 1 Kings 18:25-29.** In what ways do you see others giving themselves over to "false gods" only to find themselves hurt, damaged, and / or exhausted?
4. **Read 1 Kings 18:30-46.** God accomplished His goals (His name was glorified and His people's hearts were turned back to Him). In the end, God brought forth rain which had to have caused great joy among the people. Pastor Erin said, "as we increase God's glory, our joy rises." How so?
5. How have you seen God at work in your life over these past 2-3 weeks?
6. Honestly assess yourself by asking, "Am I serving God and / or anyone or anything else"? If so, what will you do about that?
