A Gospel-Centered Response

- ❖ He carefully considered the validity of the criticism brought against him.
 - a) The conscience is consistently described as a “witness to something” in scripture.
 - b) The conscience witnesses to what the value system in a person has determined is right or wrong.

Three Values

- 1) He lived completely dependent on God’s grace.
 - God’s grace is God’s ability working in us, making us able to do what we cannot do in our own ability.
- 2) He viewed fellow believers through the lens of a shared and eternal identity. (cf. Ephesians 4:1-16; Colossians 3:1-17)
- 3) He desired the joy of repentance and reconciliation with those who had hurt him more than being right.

Two Questions

- a) What is your conscience revealing about your value system when it comes to your response to fair or unfair criticism?
- b) Is there someone that you have been avoiding with whom you need to reconcile?
