

A Letter to the Church in Laodicea

Revelation 3:14-22 | Pastor Paul Bauman

Two Crucial Characteristics

- 1) The city was well-known for three major achievements.
 - a) Abundant wealth
 - b) Clothing industry
 - c) Renowned School of Medicine
- 2) The city had no local water supply.

The Evaluation

- ❖ “You are making me sick.”

Reason – They had developed a heart attitude of prideful self-reliance.

The Solution

- 1) “Make ME your source of life.”
- 2) Repent of your prideful self-reliance.
 - Sin is running from God to get control of our lives. Repentance is turning back to God and yielding control to Him.

A Question

- ❖ Is Jesus enough for you?
