### **Questions for Reflection:**

- 1. The word of God is our truth, tool, and primary weapon in this world and our walk with Christ. How are you daily exercising and familiarizing yourself with the word of God so as to be able to utilize it in your life?
- 2. In your own life, where have you been exposed to false teachers how have you seen them handled correctly, or incorrectly? How can you learn from those past situations, or help others learn how to navigate similar situations as well.

We all have a part to play in watching for and fighting against false doctrine in the church today. This week, plan to pray for your local church body, pray for your pastor and elders. Also pray that we all, as the church, would keep our eyes open and be watchful so that no false teachers can infiltrate our church, homes, or lives.
