Let's remind ourselves of the hubris of Lucifer. That which he had first considered in his mind, was fully expressed in his actions in Genesis 3.

Again, his statement of purpose as found in the scriptures.

Isaiah 14:12–15

“How you have fallen from heaven, You star of the morning, son of the dawn! You have been cut down to the earth, You who defeated the nations! **But you said in your heart**, ‘I will ascend to heaven; I will raise my throne above the stars of God, And I will sit on the mount of assembly In the recesses of the north. ‘I will ascend above the heights of the clouds; I will make myself like the Most High.’ “Nevertheless you will be brought down to Sheol, To the recesses of the pit.” (NASB 2020)

Intelligent evil began as coveting, thoughts really, and then turned into a whole lot more. How do we know what he thought? God.

Psalms 139:23

“Search me, God, and **know my heart**; Put me to the test and **know my anxious thoughts**,” (NASB 2020)

1 Chronicles 29:17

“Since I know, **my God, that You put the heart to the test and delight in uprightness, I, in the integrity of my heart, have willingly offered all these things**; so now with joy I have seen Your people, who are present here, make their offerings willingly to You.” (NASB 2020)

And when you add in that two, #1 and #10, of the big ten are thought issues, yes God does indeed know our thoughts as He knows the thoughts of all of His creation.

Recall that one of the ideas of Satan was to be “like the most high.” But he is a created being who is unable to read the minds of anyone else, much less human beings. We discover the following in 1 Kings 8:39 in King Solomon’s dedicatory prayer of the Temple.

1 Kings 8:37–40

“When there is famine in the land, pestilence or blight or mildew, locusts or grasshoppers; when their enemy besieges them in the land of their cities; whatever plague or whatever sickness there is; whatever prayer, whatever supplication is made by anyone, or by all Your people Israel, when each one knows the plague of his own heart, and spreads out his hands toward this temple: **then hear in heaven Your dwelling place, and forgive, and act, and give to everyone according to all his ways, whose heart You know (for You alone know the hearts of all the sons of men)**, that they may fear You all the days that they live in the land which You gave to our fathers.” (NKJV)

Yes, Satan is indeed a powerful being, likely the highest of all of the divine beings created by God. And as we learned from Revelation 12:4, he has most likely already convinced fully 1/3 of the heavenly host to rebel along with him.

He is the “...prince of the power of the air, the spirit who now works in the sons of disobedience,” (Ephesians 2:2b, NKJV). But his and the other divine beings who fell with him have their limitations.

“It would take omniscience for Satan and his demons to read our minds, which they do not have. God is the only One who can know our thoughts. However, Satan and his demons have been observing and tempting human beings for thousands of years. Surely, they have learned a few things about us over the years.” (Got Questions Ministries 2014-2021) But they are defeated already by Jesus.

James 4:7

“Therefore submit to God. Resist the devil and he will flee from you.” (NKJV)

With that background, we again consider what we learned last time, that at the midpoint of the Tribulation, Michael the Archangel casts Satan and all of the fallen ones out of the Third Heaven down to the First,

that would be Earth and Earth alone. They immediately lose their multidimensionality that they have been using to deceive and lie to us for centuries almost immediately. Now all of their aerial vehicles are parked somewhere on the planet.

But Satan and the fallen ones know the scriptures, and they know this is coming unless they can stop it. Which is why all the antisemitism exists.

Remember, he wants to be like the most high, think a counterfeit trinity involving him, as well as two others that he convinces to do his bidding.

Right now, there is technology being developed to enable all that Satan and his administration will need to create the fiction that he is God and has the same powers as God.

First up is to control the thoughts of others. Satan is okay with forcing others to worship him and he has been at the fore front of deception on the topic of the pretribulation rapture of the church as well as the timing of the Tribulation ever since Paul first discussed it with the church in Thessalonica.

You see, Satan induced someone to forge a letter to the church telling them they had missed it and were already in the Tribulation right now. Just like we see folks telling us the same on the internet. There are some who even go as far as telling us we missed the millennium and are in Satan's little season.

We do not have time to do a deep dive of 2 Thessalonians 2, which is where Paul responds to the forged letter. But we do need to refer to it.

The bottom line, do not be deceived, the rapture or taking away comes first, and then the man of sin is revealed. The identifying turn on switch of the Tribulation is in Daniel 9:27.

2 Thessalonians 2:3–12

“No one is to deceive you in any way! For it will not come unless the apostasy comes first, and the man of lawlessness is revealed, the son of destruction, who opposes and exalts himself above every so-called god or object of worship, so that he takes his seat in the temple of God, displaying himself as being God. Do you not remember that while I was still with you, I was telling you these things? And you know what restrains him now, so that he will be revealed in his time. **For the mystery of lawlessness is already at work; only He who now restrains will do so until He is removed.** Then that lawless one will be revealed, whom the Lord will eliminate with the breath of His mouth and bring to an end by the appearance of His coming; that is, **the one whose coming is in accord with the activity of Satan, with all power and false signs and wonders, and with all the deception of wickedness for those who perish, because they did not accept the love of the truth so as to be saved.** For this reason God will send upon them a deluding influence so that they will believe what is false, in order that they all may be judged who did not believe the truth, but took pleasure in wickedness.” (NASB 2020)

Some of the technology which will be needed to control the masses of the planet and to have a good dictatorial oppressive worldwide government, has been in development for a long time and some of it is deployed right now. When the church is removed, the restrainer, the Holy Spirit, stops restraining the last step or the large-scale application of some of this. And as we discuss it, yes, it is scary but we will not be here when it is fully enabled and deployed.

One of the things we were concerned about when I was serving in the military was covert, electronic surveillance.

I used a computer that would mask keystrokes while working inside of essentially, a safe covered on the inside with anechoic materials to prevent EMI.

As they discovered in the embassy in Havana, you cannot do that everywhere in the building. What happened in 2016 now has a name, Havana syndrome. Healthline.com adds the following.

“Havana syndrome refers to a cluster of unexplained neurological, behavioral, and cognitive symptoms. These symptoms are grouped under the term “Havana syndrome” because they were first reported in 2016 by U.S. and Canadian diplomats, government staff, and intelligence officers working in Havana, Cuba.

Several other cases of similar symptoms have been reported by personnel working elsewhere abroad, so experts classify Havana syndrome as a type of anomalous health incident. (Marceau 2026)

US government personnel and their family members, mostly located internationally, have described unusual incidents of noise and head pressure often associated with headache, cognitive dysfunction, and other symptoms. These events have caused significant disruption in the lives of those affected and have been labeled anomalous health incidents (AHIs). (Pierpaoli, MD, PhD, Nayak, ME and Hafiz, PhD 2024)

From the Military Health System of the United States, we see this.

Previously referred to as Havana Syndrome or as an Unconventional Brain Injury, AHI is the term used to describe a group of sudden symptoms that occur after an unexplained sensory event or events that are not associated with a history of head trauma. AHI events have been reported by several DOD and Federal Agency personnel since 2016.

Possible symptoms that are associated with an AHI event may include but are not limited to:

Auditory Symptoms, Balance Problems, Cognitive complaints, Difficulty concentrating, Head Pressure, Headache, Hearing Changes, Memory Problems, Nausea, Dizziness. (Health.mil 2026)

What is this and do we know the cause. Yes, it has been around and experimented with since WW II. Microwaves. The BBC reports.

“Since its emergence around World War Two, there had been reports of people being able to hear something when a nearby radar was switched on and began sending microwaves into the sky. This was even though there was no external noise. In 1961, a paper by Dr Allen Frey argued the sounds were caused by microwaves interacting with the nervous system, leading to the term the “Frey Effect”. His findings, published in the Journal of Applied Physiology in 1961 talked of induced auditory perception via pulsed microwave energy. (Corera 2021)

What we are talking about are psychotronic weapons. In this case, microwaves and a technology called V2K, Voice to Skull.

The New York Post reports that “researchers in the Soviet Union discovered that microwave frequency could cause effects ranging from “loss of consciousness to seizures to memory lapses, inability to concentrate, headaches, intense pressure, pain, disorientation, difficulty with balance,” similar to the troublesome symptoms experienced by Havana Syndrome victims.

“What the Russians spoke about was the importance of the energy being pulsed in order to have biological effects on humans,” Dr. David Relman said.

“When you produce pulses like this, you can actually stimulate electrically active tissue like brain tissue and the heart, for that matter, mimicking what the brain normally does, but now you’re driving it with your pulses from the outside,” he explained.” (Hussain 2026)

Let me introduce you to US patent 6,011,991 Communication System and Method Including Brain Wave Analysis or Use of Brain Activity.

This invention relates to **a system and method for enabling human beings to communicate with one another by monitoring brain activity. In particular, this invention relates to Such a System and method where brain activity of a particular individual is monitored and transmitted in a wireless manner (e.g. via satellite) from the location of the individual to a remote location** So that the brain activity can be computer analyzed at the remote location thereby enabling the computer and/or individuals at the remote location to determine what the monitored individual was thinking or wishing to communicate. (Mardirossian 2000)

That would be incredibly useful to someone who cannot read minds, to begin to do so and then control large population groups if need be. Like the Beast will be doing. Also useful would be the application of this patent from 1976; 3,951,134, Apparatus and Method for Remotely Monitoring and Altering Brain Waves.

Apparatus for and method of sensing brain waves at a position remote from a subject whereby electromagnetic signals of different frequencies are simultaneously transmitted to the brain of the subject in which the signals interfere with one another to yield a waveform which is modulated by the subject's brain waves. The interference waveform which is representative of the brain wave activity is re-transmitted by the brain to a receiver where it is demodulated and amplified. The demodulated waveform is then displayed for visual viewing and routed to a computer for further processing and analysis. The demodulated waveform also can be used to produce a compensating signal which is transmitted back to the brain to effect a desired change in electrical activity therein. (Malech 1976)

The U.S. Army's declassified patent proves that the concept of transmitting sound directly into the human skull is real. It is not science fiction — it is documented, patented, and publicly accessible.

These are just a couple of pieces to a technology that appears to be already in use in some locations globally. Obviously from what we know about those who have been subjected to attack from DEW Psychotronic weapons in some embassies and other locations globally. There really might be something to aluminum foil hats after all.

Revelation 13:16–17

“And he causes all, the small and the great, the rich and the poor, and the free and the slaves, to be given a mark on their right hands or on their foreheads, and he decrees that no one will be able to buy or to sell, except the one who has the mark, either the name of the beast or the number of his name.” (NASB 2020)

Done to enhance reception of thoughts as well as sending of thoughts? Thought manipulation? This technology currently being studied and used also makes you rethink the schemes of the devil and the need for our armor. As well as the sealing of the 144,000 in Revelation 7:3.

Ephesians 6:14–17

“Stand firm therefore, **HAVING BELTED YOUR WAIST WITH TRUTH, AND HAVING PUT ON THE BREASTPLATE OF RIGHTEOUSNESS, and having STRAPPED ON YOUR FEET THE PREPARATION OF THE GOSPEL OF PEACE;** in addition to all, taking up the shield of faith with which you will be able to extinguish all the flaming arrows of the evil one. And take **THE HELMET OF SALVATION** and the sword of the Spirit, which is the word of God.” (NASB 2020)

Revelation 7:3

“saying, “Do not harm the earth, or the sea, or the trees until we have **sealed the bond-servants of our God on their foreheads.**”” (NASB 2020)

MKTech, mind control technology, is a real thing and could work this way. "From a remote location, several electromagnetic signals of different frequencies are transmitted simultaneously to the subject's brain in such a way that the signals interfere with each other to produce a wave configuration that is modulated by the bioelectric waves of the individual's brain. The resulting interference wave, which represents brain wave activity, is amplified and retransmitted from the brain to a receiver where it is demodulated. This phenomenon is also known as reradiation. The content of the thought is re-radiated containing the captured information modulated in its signal. The content is then sent to a Brain-Computer Interface (BCI) for processing and analysis. The demodulated wave can also be used to produce a compensating signal, which is transmitted back to the brain to effect changes in the target's electrical activity and flow of thought. (Saboya de Santa Cruz Abreu 2021, 63-64)

One more reason why those of us who know Jesus Christ, do not want to be here during the Tribulation.

This is indeed scary stuff but the good news for us today is, Jesus has already defeated Satan at the cross and for those who know Him today, this is interesting reading and we see that it is being developed and now we know for who.

Maranantha. Come quickly Lord Jesus.

Let's Pray.
