In the scriptures, we see something interesting show up multiple times pertaining to God's people, Israel.

Exodus 23:27

"I will send my terror before you, and I will alarm all the people whom you encounter; I will make all your enemies turn their backs to you." (NET 2nd ed.)

1 Samuel 7:10

“As Samuel was offering burnt offerings, the Philistines approached to do battle with Israel. But on that day the LORD thundered loudly against the Philistines. He caused them to panic, and they were defeated by Israel.” (NET 2nd ed.)

As His people were faithful to Him, God was in turn faithful to His people, just as He promised. We see this in the reign of Jehoshaphat as he went about ensuring Torah was taught to the people.

2 Chronicles 17:10

“The LORD put fear into all the kingdoms surrounding Judah; they did not make war with Jehoshaphat.” (NET 2nd ed.)

We also know that because he allied himself, without praying about it, with Ahab, not only did he lose a significant part of his army, but that fear disappeared. Discipline was in order.

2 Chronicles 20:1

“Later the Moabites and Ammonites, along with some of the Meunites, attacked Jehoshaphat.” (NET 2nd ed.)

But he turned back to the Lord, and the Lord did this for the nation. After praying about and receiving instructions from the Lord through Jahaziel, the people went out to praise the Lord and watch Him defend His people. A picture of what He will do again later for Hezekiah and yet in the future for Israel when Gog invades and one more time at the end of the age when Jesus Christ returns and eliminates all the armies of the beast. Here is what Jehoshaphat experienced.

2 Chronicles 20:22–23

“When they began to shout and praise, the LORD suddenly attacked the Ammonites, Moabites, and men from Mount Seir who were invading Judah, and they were defeated. The Ammonites and Moabites attacked the men from Mount Seir and annihilated them. When they had finished off the men of Seir, they attacked and destroyed one another.” (NET 2nd ed.)

Is God still showing up today for His people, Israel? Yes. Are they fluctuating between giving Him the glory versus pride in their military and ingenuity. Yes, to that as well. Verbally they tell you the great work their military is doing, non-verbally, they point upwards to the Lord.

Back on April 1, 2024, Israel attacked the alleged Iranian consulate compound in Syria killing the Quds Force Commander at the time and one other Iranian general officer. Iran decided to retaliate against Israel and it's people by staging a missile attack around midnight on April 13th.

According to Rear Admiral Daniel Hagari, Israel was ready, but Iran made some rather significant tactical errors. The first wave, was 170 UAV's that take the better part of 6 ½ hours to get there, followed by 40 cruise missiles that take 2 ½ hours and the final wave, missiles with a 14-minute flight time. 300 in total. This gave Israel, Centcom, and everyone else, time to prepare.

99% of all incoming was stopped and contrary to Iranian propoganda, the targets were not only military installations, but civilian population centers to include Jerusalem.

We have since seen the same strange tactical decision making again in October of the same year with another 200 missiles. After multiple targeted assassinations, to include the leader of Hamas, while in Teheran, there was a 12-day war in 2025. And then in February of this year, while the entire decision-making apparatus of the IRGC gathered together to put the final plans for attack, they were all destroyed. So, they attack everyone. Consistency with their world view but strategically stupid to do.

God is behind all of this. He is setting up the landscape for future prophecy to be fulfilled. He is the one making Israel successful and He is the one protecting His people. Only now, we are seeing elements of what we read about in the scriptures, beginning to become very real.

Zechariah 12:1–4

“The pronouncement of the word of the LORD concerning Israel: The LORD who stretches out the heavens, lays the foundation of the earth, and forms the spirit of a person within him, declares: **“Behold, I am going to make Jerusalem a cup that causes staggering to all the peoples around; and when the siege is against Jerusalem, it will also be against Judah. It will come about on that day that I will make Jerusalem a heavy stone for all the peoples; all who lift it will injure themselves severely.** And all the nations of the earth will be gathered against it. On that day,” declares the LORD, **“I will strike every horse with confusion and its rider with insanity. But I will watch over the house of Judah, while I strike every horse of the peoples with blindness.”** (NASB 2020)

Is Jerusalem a cup that causes staggering for the nations around at present? Yes.

Who has been attacked by Iran and Hezbollah as a result of the current actions? All the people around.

Cyprus, Turkey, Syria, Lebanon, Jordan, Iraq, Azerbaijan, Kuwait, Bahrain, Qatar, UAE, Oman and Saudi Arabia. Also interest of the following have been attacked, Great Britain, Italy, France and Germany. Remember, the Iranian government is apocalyptic in their thinking and the new Ayatollah, if he is even alive, thinks he is the Madi and will bring about the end of the world. It is amazing though to see this is all about Israel and Jerusalem right now.

From the press in Azerbaijan.

Iranian cleric Ahmad Khatami stated that Israel must be eliminated for peace to prevail, according to Iranian media. Khatami, serving as a temporary Friday prayer leader in Tehran, said: “For peace and calm to be established, the murderous Zionist regime must be eliminated, and no trace of it should remain.” (Aghazada 2026)

We know that Iran will be part of the yet future invasion force that will attack Israel in the future. Israel, thanks to the Lord, will do just fine, but Gog and all with him, to include the Persian military, not so much.

Ezekiel 39:3–8

“Then I will strike your bow from your left hand and make your arrows fall from your right hand. You will fall on the mountains of Israel, you and all your troops, and the peoples who are with you; I will give you as food to every kind of predatory bird and animal of the field. You will fall on the open field; for it is I who have spoken,” declares the Lord GOD. **“And I will send fire upon Magog and those who inhabit the coastlands in safety; and they will know that I am the LORD. And I will make My holy name known in the midst of My people Israel; and I will not allow My holy name to be profaned anymore.** But the nations will know that I am the LORD, the Holy One in Israel. Behold, it is coming and it shall be done,” declares the Lord GOD. “That is the day of which I have spoken.” (NASB 2020)

What we are seeing right now are those conditions being set up.

One more thing we are seeing, elements of what Daniel and Joel talked about.

Daniel, in his interpretation of the dream of Nebuchadnezzar in Daniel 2:40-43 provides us some of the landscape for the reign of the beast to include applied transhumanism, augmented humans and AI.

And then there is Joel 2, where it looks like Joel is talking about locusts but he is possibly also describing military operations involving drone swarms, autonomous weapon platforms, robots and augmented human armies with support forces.

What we are seeing in Iran right now are some aspects of this now deployed in combat. One example is rather scary.

We are seeing the results of AI enhanced persistent surveillance, just like the Beast must have, in operation and enabled by the IRGC and their need to spy on everyone. Their cameras and images are being used for targeting but not by them, and yes, smart devices are also being hacked and the content analyzed and again, not by them. In 2019, Arthur Holland Michel postulated what this coupled with space based surveillance, i.e. WAMI for wide-area motion imagery, enhanced by AI could possibly do. "One would be able to detect anomalous behaviors and map networks of terrorists, criminals, or anybody else across entire countries. One could pick up the very earliest signs of a protest in Tehran, or of a battalion of tanks taking up an attack formation in the Baltics, or a forest fire in Australia, long before the news reached you by traditional channels." (Michel 2019, 204)

Why is this both scary and pointing to the soon coming of Jesus Christ for His church at the same time? Simple, Satan and his minions can only be in one place at a time.

They are not omniscient and omnipresent like God is. So, they need to have the tech developed and made to achieve what they will need during the Tribulation.

In Revelation 12, Satan and all of his fallen angels are thrown out of heaven for the last time and they are limited to only the earth. When that happens, he finds someone who agrees with what he offered Jesus, and that person is called the Beast. What we see constructed in Revelation 12 is a false trinity of Satan, the Beast and the False Prophet. And they need to be able to know what everyone is doing at all times.

Satan wants Israel dead and when the Beast goes into the Temple, large numbers of Israel run into hiding south and east of Jerusalem.

Satan will try to destroy them before they get there but in Revelation 12:16 we see a repeat of an event from Exodus and the earth opens up and swallows the forces chasing them. This means war on all Jews worldwide as well as those who are Tribulation followers of Jesus Christ.

This system is currently being built will indeed be used to find and eliminate enemies of the Beast and to commit genocide.

Back in the day, we would get orders to place a certain object in a certain place so a passing satellite could "see" it and verify it is in storage. Then we would move it back under cover.

But now, not only would the existence of the item be established, but all of those connected to it as well. Surveillance would identify each person, how they came to work, what they drive, the path they take and where they live. AI helps to determine the patterns of that person life and then comes up with recommendations for how to best eliminate that person. And boom, targeted eliminations.

Add other technology to that, such as genetic bioweapons or genetic markers and you are deep into how the Beast will rule the planet. Michael Knutzen writes "Unlike traditional bioweapons, which most states have abandoned as unreliable, synthetic bioweapons (SBWs) are weaponized biological threats modified through synthetic biology for novel effects, mechanisms, or processes. Unshackled from natural biology, SBWs possess characteristics engineered to target populations or individuals, through socially transmitted rather than kinetic means. (Knutzen 2021)

Would the Beast intentionally release something like this to force people into getting the Mark of the Beast, possibly an injection of some kind? Yes, since human life is not important to Satan.

Let me put it this way, I do not want to be here after the church is removed and the restrainer as well.

Right now, we are seeing the impact that loitering drone munitions can have on the operations of the Iranian Regime. Single point identification followed with delivery of a munition large enough to eliminate a person and nothing else. And with AI, identification takes place and if the "kill switch" has been activated, the munition is delivered.

And suddenly we have a new definition of point and shoot. Now it is launch and forget, the device knows who and what it is looking for and is "smart" enough to carry on the mission without any further human involvement.

Joel 2:9

"They storm the city, They run on the wall; They climb into the houses, They enter through the windows like a thief." (NASB 2020)

Pray for the people of Iran, there are at least one million followers of Jesus there, maybe more.

And pray for the peace of Jerusalem and for Israel. The Lord has not been taken by surprise over anything taking place. His message has not changed in thousands of years. It is still all about His Son, Jesus.
