

# A Breath of Praise

God wants every breathing thing to praise Him.

“Let every thing that hath breath praise the LORD.  
Praise ye the LORD” (Psalm 150:6).

King David worshiped in the street as the Ark of God was brought to Jerusalem. Draw the worshipping king.

What did the priests carry ?

What did David do?

Who should praise the Lord?

Where can we praise God?

I am breathing; therefore, I will praise God.

## Psalm 150: David Worships

King David was excited! The Ark of God was returning to Jerusalem. The Ark represented God's presence and was used in their worship. It was taken during a war. It was time for the people to bring the Ark back to their city.

The priests carried the Ark. King David led the way. Crowds of people lined the streets—almost like a parade. The king was happy. He began to worship. King David loved to worship the Lord and he used his entire body as he worshiped. David walked in front of the priests and the Ark. He clapped. He shouted for joy. His feet began to dance. King David worshiped the Lord with all his might. The people saw their king worshiping. It caused them to shout and worship as the Ark was carried down the streets of Jerusalem.

King David wrote songs of worship. We call those psalms. The words he wrote in Psalm 150 talk about worship. David said we can praise God in the firmament of his power—that means throughout all of earth and heaven. We can praise Him in the sanctuary—right here in church.

We can praise God for the mighty things He does. Our God is a great God. Let's raise our hands and say, "God, You are great." We can praise Him with instruments.

All the instruments are wonderful when we worship, but the best verse from Psalm 150 is, "Let every thing that hath breath praise the LORD."

King David worshiped along the entire street as they brought the Ark of God into the city. He knew that God deserved His worship. It feels so good when we praise. That is why God made praise. God has a desire for every breathing thing to praise Him.
