Bible Passage: Daniel 6: 7, 10, 16-21

Sermon #\$

Today's Big Idea

When a lion roars, he gets the attention of everything around him. In fact, a lion's roar can be heard from as far as eight miles away. The Bible describes Jesus as a roaring lion. He beckons us to draw near Him and roar with Him.

- History shows that spiritual change works itself out in public policy.
- Fight small battles, rather than large wars. 2 Samuel 23:12
- Shammah stayed and fought against the Philistines for a bean field because that's where he was assigned.
- · Let's run to the roar.

Action Step:

Make a decision to participate in revival. Your seemingly small contribution, compounded with those of your millions of brothers and sisters in the Lord, will not only bring revival, but turn our nation and world to the Lord and to good!
