REFLECTION QUESTIONS

When you're in a situation that feels overwhelming, to whom do you usually turn for help? How do you ask for help and why ask them?

What are you thankful to God for? When has He answered your prayers? When has He not? How do we know if our prayers align with His greater purpose?

Have you ever seen someone take credit for what God has done? When God shows up, how can we make sure we are giving Him all the credit? What risks might come with giving God glory in front of people who don't believe, and how can we face those risks with courage?

What kind of blessings have you experienced for obeying God? (His commandments, a special purpose, etc.) Why can obedience also lead to suffering?

How has God revealed His power and plan through Jesus? How can He use us to reveal Him to others who might not believe?
