### Reflection Questions

How would you describe someone whose priority in life is to build their wealth or “lay up treasures on earth”?

How would you describe someone who is “laying up treasures in heaven”? What’s the difference between these two?

If our eyes direct our pursuits, how do we know what our eye is set on? How can we redirect our vision if it’s not on God?

Is it wrong to be wealthy? Why or why not?

Where do we draw the line when it comes to earthly treasures? How much is too much?
