Reflection Questions

Does everything we read in Scripture apply directly to us? How do we know what applies and what doesn't?

How has God demonstrated His faithfulness to you?

How can we know if we are worshiping and following God with our whole hearts?

When has your faith in God helped you endure some difficult trials in life? How might you have responded to those circumstances differently if you didn't have faith in God?

How does someone who is prideful learn humility?

What purpose does God have for us? Does God use everyone in the same way?
