## Reflection Questions

In what ways has your life changed because you decided to follow Jesus?

Are there any relationships you are unwilling to give up in order to follow Jesus?

If it came down to it, do you think you'd be willing to give your life for Jesus? Why or why not?

What have you not fully surrendered to God? How can you begin to do that?

Can you honestly say you have faith in God if that faith has not affected your life in any way? Why or why not?
