### Reflection Questions

Come up with a list of the promises God makes to people in Scripture.

Where have you seen people desires God's blessing without their obedience? How might He be waiting for you to obey before blessing you?

Why should those who are blessed be a blessing to others? How are you being a blessing?

What might God be calling us to do today that will benefit future generations?

What promises does God make to those who put their faith, hope, and trust in Jesus?
